Children may choose to eat snack any time during this window based on when they are hungry. The children set their place at the table, serve themselves, and clear their place.

11:15 am – Line Time

Children greet each other and the teachers, say the pledge of allegiance, and practice sign language and foreign language skills, and do music and movement activities as a group.

12:00 noon – 12:30 pm – Lunch

1:30 pm – 3:30 pm – Independent Work Time

Children may choose work from any of the areas listed above, but generally lessons are not given or new material introduced during afternoon work time. This gives the teachers an opportunity to observe and assess how well the children work independently.
